

Overview of Sport Premium Funding 2014 - 2015

The Sport premium funding has been given to every Primary school this year to improve provision in the following areas:

- 1) Achievement in weekly PE lessons.
- 2) Increased participation in competitive school sport.
- 3) Personal health and well-being.
- 4) Improved attitudes and behaviour towards learning.

This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

During the academic year 2014-2015, East Hanningfield C of E Primary plans to spend our funding of £9493 on the following areas, in order of priority:

Employment of experienced and qualified sports coaches

Children who attend clubs and those who are less active will benefit from professional coaches leading lessons and clubs for them.

We will measure the impact of this from attendance at clubs and overall amount of time children spend being active.

We will make this sustainable by asking for small contributions towards sports clubs run by coaches and by creating strong links with community sports clubs.

IMPACT REPORT

Participation has increased significantly when comparing data from Autumn 2014 to Autumn 2015. In 2014 21% of children attended 1 club and 12% of children attended 2 clubs per week. In 2015 82% of pupils attend one club, 38% attend 2 clubs and 14% attend 3 or more clubs. Compared to our Schools Partnership Average of 40%, 17% and 8% respectively we are exceeding the average.

Updating and expanding PE and sports equipment

After consultation with staff and children, we aim to buy new equipment that will continue to aid high quality teaching and support a more sustainable PE curriculum for the future with particular reference to our swimming pool that ensures that every child in school can learn to swim and develop skills throughout their time at East Hanningfield.

IMPACT REPORT

Last year children left school being able to swim 25m. The school does have a swimming pool which is used to provide all children with lessons from a Qualified Swimming Coach for 16 weeks a year. In order for the lessons to remain efficient additional work and materials and equipment were needed for the swimming pool. Equipment was also obtained to enable the Football team and Netball Team to participate in competitive sports against other local schools.

Updating curriculum resources for teachers

In order to teach consistently outstanding lessons, teachers require new schemes of work, and other teaching resources such as music, flashcards and display resources. We will measure the impact by surveying teachers' confidence to deliver PE and sport, which will enable us to continue delivering excellent lessons for the pupils at East Hanningfield.

IMPACT REPORT

Following research and using support from our Schools Sports Partnership, the school has purchased a scheme of work. Teachers now feel more confident to teach PE, using and also adapting the lesson plans in the scheme of work to target their particular class. The school now teaches a range of areas within PE which allows the school to follow the two year rolling program and enable the whole PE curriculum to be covered.

Continuous Professional Development opportunities for staff

Teachers and Teaching Assistants will be offered a vast array of CPD opportunities to expand their lesson repertoire and develop new ideas for their curriculum lessons. CPD opportunities are crucial in a school that wishes to continue moving forwards and improving.

Learning and teaching is monitored by the PE Co-ordinator on a regular basis to celebrate our strengths and address any weaknesses.

IMPACT REPORT

CPD Training through the Partnership is offered to all staff. Staff attended training for Tennis, Netball, Dance, Cheerleading and Gymnastics throughout the year. The training enabled staff to increase their confidence in the subject area and teach improved, differentiated lessons.

Specialist opportunities to inspire

We believe that children will lead healthy lives now, and in the future, if they are inspired and have a genuine understanding of the importance of eating healthily and staying active. We would like to provide the children with visitors and trips that will engage and motivate them to lead healthy lifestyles.

IMPACT REPORT

Children have attended a range of activities to promote health and staying active. All of the Year 4 children attended Superstars and all the Year 2 children attended Mini Games through the Sports Partnership. Class 4 also attended the Isle of Wight trip.

Supporting talented athletes

We are fortunate to have several pupils in school that are on pathways to regional and national success in a variety of sports. East Hanningfield aims to support these athletes with their time, school-work and equipment/transport, which would not be possible without funding from the school.

IMPACT REPORT

Through the Sports Partnership two of our Year 5 children have attended Rising Stars sessions to extend their skills with athletes of similar abilities. We also have another child attending National Competitions outside of school who has required time to travel the events, he has taken opportunities to share his successes within school assemblies. All children are encouraged to share out of school successes throughout the year and children have provided swimming certificates, gradings for Judo and Karate, dance medals, BMX trophies and football awards. This enables children to promote their sport with the whole school and share their success.

Membership to the Chelmsford School Sports Partnership

Joining the CSSP will provide ample opportunities for our staff and children to experience a wider range of PE and sport. Our members of staff now access a more thorough CPD programme

through the Partnership, and children are attending a wide range of competitions and enriching event

IMPACT REPORT

We achieved our Bronze kitemark for school sport in the summer term of 2015. This is awarded for the amount of quality sport delivered each week, our high level of extra curriculum provision, the leadership opportunities for children within the school, intra-school sports competition and the inter-school competition children have participated in. Children through the partnership took part in a Netball Tournament, Football League, Superstars, District Sports and Mini Games. We aim to further this success and apply for the Silver Award next year by increasing our competitive Sports and Leadership further.

School Council Budget

Our School Council, made up of a boy and girl from each year group (F/S-Y6), have this year been given £200 to spend on an area of learning they feel could be developed at East Hanningfield. They will decide how to spend the funding and will order their own resources.

IMPACT REPORT

Following the appointment of two Bronze Ambassadors for Sport and their appointment of a Sports Crew we will ensure this area is reviewed in 2015/2016. The idea is for the new Crew to provide level 1 competition in school each term for the whole school and they will have £200 to spend on additional equipment they may need to run their events.
