

I Can't do algebra!  
Someone Help ME!

Did he hear  
Jeff crying?

Help  
me  
algebra  
Add please!

OK help  
you  
 $36 = a + 14$   
 $a = 22$   
 $11y = 56$   
 $11 = 56$   
 $y = 6$

So you would do  $36 - 14 = 22$   
so what Don't you  
get?

$11y = 56$   
 $11 = 56$   
 $y = c$

$11y = 56$   
 $11 = 56$   
 $y = c$

can you  
answer  
them  
correctly?

yes

THANK  
you  
you're  
the best!

well done  
you've  
done  
it
