The Parents' Role in Extended Homework

DO	DON'T
Know what they are learning about	Talk about how 'homework was different in your day'
Listen to them read every day	Multitask as you listen
Ask them questions so that they expand their thinking about the challenge e.g. What...? When...? Where...? Why...? Who...? How...?	Show off your knowledge about the subject matter
Give them varied experiences so that they can choose different ways of achieving the task	Make it all about expense (sometimes the cheapest ideas are the best)
Be willing to support their activity by listening to their ideas and suggesting ways forward	Complete it for them
Be willing to support their activity by listening to their ideas and suggesting ways forward	Ignore the things they can't do - instead help them to find a way of overcoming the obstacle for themselves

If you have any questions please feel free to contact us.
